HALEON

LASTS UP TO 8 HOURS

STARTS SOOTHING ON CONTACT

First-of-its-kind topical pain reliever and the ONLY one with 4 active ingredients*

provides a cooling sensation on the skin that quickly soothes pain

blocks pain by overriding the pain signals from the nerve

desensitizes the area with both cooling and warming sensations

stimulates the location of pain when applied and rushes relief to the site

Does not contain ibuprofen.

Compare the unique formula
